Dear Experian,

Please find attached a copy of my CV for your consideration.

I am an experienced Scrum Master with many years of managing projects for both onshore and offshore teams.

I have Scrum PSM1 certification and I have knowledge and use of Scrum Agile processes including: sprint planning; daily stand-ups; two week sprint cycles; sprint reviews and retrospectives.

I have cross-trained into developing mobile iOS Apps, but I'm now looking to move back into a Scrum role. As well as the Scrum and project management experience, I now have good technical understanding of the mobile app development process having published Apps of my own on the App Store.

I feel that I have the necessary skills to be a valuable member of the team. I look forward to hearing from you.

Regards

Ray Berry
