Dear Asos,

Please find attached a copy of my CV for your consideration.

My name is Ray Berry, I am an experienced Scrum Master with many years of managing projects with both onshore and offshore located teams. I have in-depth knowledge and application of Scrum Agile processes including: sprint planning; daily stand-ups; two week sprint cycles; sprint reviews and retrospectives. I have Scrum PSM1 certification and good understanding of Jira for issue/user story management.

I really enjoy the development and technical side of business and embrace modern technology. I cross-trained into developing mobile Apps. I have learnt Swift, which is a C-based language. This really provided me with insights into the dynamics and requirements of a development team. I am a great team player and my previous role encompassed all the required qualities listed :scrum master; team leading; stakeholder management. As well as the Scrum and project management experience, I now have good technical understanding of the mobile app development process having published Apps of my own on the Apple App Store.

 I feel that I have the necessary skills of the Agile Delivery Manager you are seeking I look forward to hearing from you.

Ray Berry

SUMMARY - Agile Delivery Manager

I am an experienced and qualified Scrum Master (PSM1) with a background in financial, retail and automotive industries delivering IT projects with both offshore and onshore teams. As well as ERP integration, I have a good understanding of the mobile App development process with technical knowledge in developing and deploying Apple Apps.
